TOWN OF NORTHFIELD
MINUTES OF THE 1992 TOWN MEETING
MARCH 10, 1992

By ballot vote held March 10, 1992 at the Northfield Town Hall:

Article #1. To choose all necessary Town officers and School District officers for the ensuing year.

For Selectman - 3 years:
Thomas Jordan 265

For Town Clerk/ Tax Collector - 1 year
Eliza Conde 294

For Moderator - 2 years
Charles Chandler 301

For Treasurer - 1 year
Roland Seymour 293

For Trustee of Trust Funds - 3 years
David Curdie 285

For Supervisor of Checklist - 6 years
Lewis Read 180
Margaret Leary 121

For Library Trustee - 3 years
Marjorie Nickerson 294

Article #2. To see if the Town will vote to have the office of Town Clerk/Tax Collector elected for a three year term. Passed 233-65

Article #3. To see if the Town will vote to adopt the amendments to the Northfield Zoning Ordinance as proposed by the Planning Board and by special ballot prepared for same.

Amendment	Yes	No
1.	245	38
2.	191	71
3.	150	66
4.	183	81
5.	184	63
6.	143	46
7.	159	68
8.	185	49
9.	190	79

And at the Business Meeting on March 14, 1992 held at 10:00 A.M. at the Tilton/Northfield Fire District Station in Northfield the following articles were acted upon:

Article #4. To see if the Town will vote to authorize the Board of Selectmen to petition the United States Postal Service for the establishment of a Post Office in the Town of Northfield. (By petition). **Article passed.**

Article #5. To see if the Town will vote to raise and appropriate the sum of $1,000 for the Northfield-Tilton Economic Development Corporation, a private non-profit corporation, for the purpose of promoting economic development in the two towns. **Article passed.**

Article #6. To see if the Town will vote to appropriate the sum of $500 to establish a Capital Reserve Fund as the Hall Memorial Library Building Fund to finance the anticipated costs of maintaining this historic building and to appoint the Northfield Selectmen as agents to expend said funds. **Article passed.**

Article #7. To see if the Town will vote to appropriate the sum of $20,000 for Arch Park, and to authorize the Board of Selectmen to accept and expend the sum of $10,000 from the Federal Land & Water Conservation Grant Program as matching funds for the project as well as funds from any other government unit or private source to be used for Arch Park in the amount of $3,000;

and to authorize the withdrawal of up to $7,000 from the Arch Capital Reserve Fund if needed and designate the Selectmen as agents to expend said funds. **Article passed.**

Article #8. To see if the Town will vote to appropriate the sum of $10,000 for renovations to the Northfield Police Station and to authorize the withdrawal of $10,000 from the Buildings & Equipment Capital Reserve Fund. **Article passed.**

Article #9. To see if the Town will vote to appropriate the sum of $40,000 to finance engineering and construction costs for the final phase of the dump closure and to authorize the withdrawal of $40,000 from the Dump Closure Fund. Article passed.

Article #10. To see if the Town will vote to raise and appropriate the sum of $1,848,280 which represents the bottom line of the posted budget (MS-7) and pass any vote in relation thereto.

A motion to vote by ballot for this article failed by voice vote. A motion made by Chris Hunt to "see if the Town will vote to raise and appropriate the same sum as last year, the sum of $1,689,549." failed - 61 yes to 108 no. Discussion on the total budget included questions about the Dump Truck and riding lawn mower. Brian Huckins made the motion to "amend the bottom line of the Budget by deducting the Police Cruiser or $16,500. Amendment failed. Steven Bauer made the motion to "amend the bottom line of the Budget by deducting $58,000 for the snow plow, dump truck and lawn mower. Motion failed. **The original motion to appropriate the sum of $1,848,280 passed.**

Article #11. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year for purposes for which the Town may legally appropriate money. **Article passed.**

Article #12. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town, gifts, legacies and devises made to the Town in trust for any public purpose as permitted by RSA 31:19. **Article passed.**

Article #13. To see if the Town will vote to create a Committee to study the Town of Northfield's Employee Fringe Benefit Plan in comparison to surrounding municipalities, local business and industry and to make recommendations to the Northfield Selectmen not later than October 1, 1992. Said committee shall be appointed by the Northfield Town Moderator and consist of at least the following members: three members of the public that shall be residents of the Town of Northfield, one Selectman, one member from the Budget Committee, one exempt employee, one non-exempt employee. An amendment was made by Tim Lang to add one member from each department. Amendment failed. **Article passed.**

Article #14. To see if the Town will vote to authorize the Selectmen to accept the dedication of any street shown on a subdivision plat approved by the Planning Board, provided that such street has been constructed to applicable town specifications as determined by the Board of Selectmen or their agent and also to empower the Selectmen to receive lands and easements related to this construction. **Article passed.**

Article #15. To see if the Town will vote to authorize prepayments of taxes and authorize the Tax Collector to accept payments in prepayment of taxes. **Article passed.**

Article #16. To see if the Town will vote to authorize the Tax Collector to discount by 2% any amount in taxes due when said taxes are paid within 30 days of the date of billing. **Article passed.**

Article #17. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes. **Article passed.**

Article #18. To see if the Town will vote to authorize the Selectmen to administer and convey any real estate acquired by the Town by Tax Collector's Deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids or may be otherwise disposed of as justice may require, pursuant to RSA 80:80. **Article passed.**

Article #19. To see if the Town will vote to discontinue to maintain the roads in the area off of Bean Hill, known as the Hamilton Development. Specifically to plow and sand these roads, as needed in winter and to grade and level these roads twice each year, Spring and Fall. This article raised many questions, particularly from residents of the Hamilton Development. The Selectmen want the issue cleared up because it is not technically a town road, even though it has been maintained. After much discussion, Sam Langley made the motion to amend the article to "Form a study committee appointed by the moderator to study the Hamilton Development Road problem and to recommend an equitable solution to this problem to the 1993 Town Meeting." **Amendment passed. Motion passed as amended.**

Article #20. To transact any business that may legally come before said meeting. A standing ovation was given for John Lyford for his many years of assisting the moderator. Richard Maher explained the progress of the Recreation Center. Lana Dearborn, Joyce Johnson and Tom Salietello spoke in detail about the upcoming vote on the formula at the Annual School Meeting. Albert Cross asked for permission to limit the number of free items to be brought in on Amnesty Day to a reasonable level.

Motion made, seconded and passed to adjourn the meeting at 2:13 p.m.

Respectfully submitted,

Eliza H. Conde, Town Clerk

SELECTMEN'S REPORT

Highlights of the past year include the following:

* In October, the NH Department of Environmental Services - Waste Management Division gave final approval of our construction plans for the closure of the old holding area that was located behind the Highway Department. Town forces will complete the grading, loaming and seeding in the Spring of 1993. Since the Recycling Center located on Sargent has been in operation, we have been able to reduce our solid waste expenses each year. We encourage all residents to drop off their recyclables so that we can continue to see a savings.

* Summer Street was widened and paved through a 2:1 matching program with the State Department of Transportation. Unfortunately, the amount of money that DOT had budgeted was insufficient to complete the portion from Spring Street to Bay Street. The Town will continue to set aside monies in the Capital Reserve fund until such time as the State has more money to complete the project.

* Due to the Board's commitment to make sure the Winnisquam Regional School District received their check in the amount of $175,663 on the 15th of each month, we have continued our policy of monitoring our cash flow very closely and only released funds for Town projects when the actual cash was available, hence we were unable to commence Phase II of the Vine Street Drainage Project. This appropriation has been carried forward to 1993 and the project will resume in the Spring. A new highway dump truck with/snow plow and a new police cruiser were purchased this Summer. Also, handicapped accessibility repairs were made to the Northfield Police Station. The repairs to Fellows Hill Road and the purchase of a riding lawn mower were postponed and we are asking the voters to re-appropriate funds in 1993 for these items.

* In November, the Town received notification from the NH Department of Parks & Recreation that a $10,000

grant for the Arch Park was approved. Due to the lateness in the year, this project will commence in the Spring of 1993 as well.

* The Board worked closely with the Hamilton Trailer Park Committee and Fringe Benefits Study Committee which met throughout the year to resolve the concerns raised at last year's Town Meeting. The Selectmen are proposing a "betterment assessment" to upgrade the roads in the development and ask for the Town's approval to borrow a long term note to complete the project. All costs will be assessed to the residents of the Park so that it will not cost the Northfield Taxpayer's any money. The Fringe Benefits Study Committee's recommendations are provided in the Annual Report. The 1993 Proposed Budget does not include any cost of living or step increases for Town employees. Health, Dental, Life and Disability Insurance premiums will continue to be paid 100% by the Town. A "Wellness" program will be implemented in the Spring of 1993 in conjunction with the NH Municipal Association Health Insurance Trust as an additional cost containment measure.

* The Selectmen have participated in the State Department of Transportation's Route 3 & 11 Study to improve the transportation network in our community and the Merrimack County Overall Economic Development Plan so that our community will be eligible to apply for Federal Economic Development Administration money with an eye towards infrastructure improvements.

* We are saddened that Selectman Gerard "Dizzy" St. Cyr has chosen to retire from the Board after serving for the past six years. His knowledge of the town and its residents, compassion for taxpayers, sage advice and sense of humor will be missed. We would also like to thank all of the members of the Town's volunteer Boards and Committees, our department heads and employees for their hard work and dedication to the Town.

The Northfield Board of Selectmen
Thomas Jordan, Chairman
Gerard St. Cyr
Donald Stevens

1993 TOWN MEETING WARRANT

To the inhabitants of the Town of Northfield, in the County of Merrimack, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Northfield Town Hall the 9th day of March next at ten o'clock in the forenoon at the Northfield Town Hall to act upon the following subjects:

Article #1. To choose all necessary Town officers and School District officers for the ensuing year.

And on the 13th day of March next at ten o'clock in the forenoon at the Community Center Building located on Dearborn Road in Northfield to act upon the following subjects:

Article #2. To see if the Town will vote to raise and appropriate the sum of one thousand dollars ($1,000) for the Northfield-Tilton Economic Development Corporation, a private non-profit corporation, for the purpose of promoting economic development in the two towns. (By petition and recommended by the Budget Committee).

Article #3. To see if the Town will vote to create an expendable general fund trust fund under the provisions of RSA 31:19-a, to be known as the Hall Memorial Library Building Fund, for the purpose of financing the anticipated costs of repairing and maintaining this historic building; and to raise and appropriate the sum of five hundred dollars ($500) that was voted at the 1992 Town Meeting to establish this fund; and to appoint the Northfield Selectmen as agents to expend such funds. (This warrant article is to correct the language in the warrant article adopted at the 1992 March Town Meeting).

Article #4. To see if the Town will vote to raise and appropriate a sum not to exceed one hundred thousand dollars ($100,000) to pay for the construction of a road in the Hamilton Trailer Park. In accordance with RSA 231:28, the Selectmen have been petitioned to layout a

road over an existing private right of way in the Hamilton Trailer Park Development; and to authorize the Selectmen to borrow a long term note not to exceed one hundred thousand dollars ($100,000) for construction costs, engineering services, borrowing expenses and legal fees. The total cost of the project shall be assessed annually to the lot owners in the development for a period not to exceed ten (10) years. Upon completion of the construction, the Selectmen will accept the road as a public maintained road. (Recommended by the Budget Committee).

Article #5. To see if the town will vote to raise and appropriate an additional sum of $7,458 to the town portion of the Tilton-Northfield Recreation Council budget appropriation. The purpose of these funds is to provide part-time staffing and supplies which will allow additional programs and services to meet the community needs. (By petition).

Article #6. To see if the Town will vote to raise and appropriate the sum of **$1,763,068** which represents the bottom line of the posted budget (MS-7) and pass any vote in relation thereto.

Article #7. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by town meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year for purposes for which the Town may legally appropriate money.

Article #8. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town, gifts, legacies and devises made to the Town in trust for any public purpose as permitted by RSA 31:19.

Article #9. To see if the Town will vote to authorize the Selectmen to accept the dedication of any street shown on a subdivision plan approved by the Planning Board, provided that such street has been constructed to applicable town specifications as determined by the Board

of Selectmen or their agent and also to empower the Selectmen to receive lands and easements related to this construction.

Article #10. To see if the Town will vote to authorize prepayments of taxes and authorize the Tax Collector to accept payments in prepayments of taxes.

Article #11. To see if the Town will vote to authorize the Tax Collector to discount by 2% any amount in taxes due when said taxes are paid within 30 days of the date of billing.

Article #12. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article #13. To see if the Town will vote to authorize the Selectmen to administer and convey any real estate acquired by the Town by Tax Collector's Deed pursuant to RSA 80:80. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids or may be otherwise disposed of as justice may require.

Article #14. To transact any business that may legally come before said meeting.

The polls shall close not earlier than seven o'clock in the evening.

Given under our hands and seals at Northfield this 9th day of February in the year of our Lord, nineteen hundred and ninety-three.

A True Copy of the Warrant Attest:

Thomas Jordan, Chairman	Selectmen of Northfield, N.H.
Gerard St. Cyr	
Donald Stevens

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

February 13, 1992

To the Members of
the Board of Selectmen
Town of Northfield
Northfield, New Hampshire

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Northfield as of and for the year ended December 31, 1991, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the

TOWN OF NORTHFIELD

ANIMAL CONTROL REPORT

Animals taken to the New Hampshire Humane Society:

By Police Department:	23 dogs & puppies
	1 cat
By Residents:	24 dogs & puppies
	29 cats & kittens

During 1992 the Department handled 277 calls and complaints. Residents may take stray animals to the Humane Society Monday through Saturday 9:00-5:00.

New Law Effective 1-1-93 (Cats)

All CATS 3 months of age and older must be vaccinated for RABIES.

REMINDERS

All dogs 3 month of age and older must be licensed with the Town before April 30 of each year. Dogs are required to have the license and rabies tags attached to the collar.

All dogs are to be on a leash or under the owner's control at all time. We've had numerous complaints of dogs running at large, getting into garbage and barking.

If you should come in contact with an injured animal, do not try to help the animal, call the department.

Should you get bitten by any animal, notify the police department, wash the area with soap and water and seek medical treatment.

Respectfully submitted,

Sally Robert

ARCH PARK COMMITTEE

Confirmation from the State regarding the matching grant for $10,000 for the creation of the Arch Park was received in December. As it was then too late to begin work on the Park, activity will begin during the summer of 1993. The committee continued with their fund raising efforts throughout the year. A food booth and raffle of a photo of the Arch by Fred Mason as well as helicopter rides at the Old Home Day celebration netted $350. We also held a cash raffle at Christmas time. At this time we have raised $4,711.37 through fundraisers and donations.

Now that we have finally received approval for the Grant, work can begin in earnest. Watch for activities at the Arch. Volunteer help will be gladly received when the time comes for good hard labor!

We still have note cards for sale at the Town Hall so stop in and pick some up.

Respectfully submitted,

Judy Huckins

CAPITAL IMPROVEMENTS PROGRAM COMMITTEE

The Capital Improvement Committee, once again, worked diligently to hold the line for the town without impacting the full plan. We met to adjust what was scheduled to be completed for 1993 and, with the assistance of the department heads, determined the most critical items to be accomplished. Due to the economic conditions, the remaining items have been deferred one year.

We will continue to review the capital improvement plan to determine the priority of what must be accomplished, while trying to keep the impact on the tax rate to the lowest possible percentage.

As the years progress, there are projects already identified that must be completed and, if the taxpayers work with the Selectmen and the Budget Committee, we will be able to accomplish our task.

Respectfully submitted,

Linda Luedke, Chairman

CONSERVATION COMMISSION

During the past year the Conservation Commission reviewed several minor impact applications filed with the New Hampshire Wetlands Board. The one major application concerned the New Hampshire Department of Transportation's upgrade of route 93 between Exits 18 and 20 which had some impact on the drainage system along the Interstate. Included in the proposal was the attempt to re-develop the wetland at Exit 19 which was destroyed by the original construction of the highway. The final analysis of that effort will remain doubtful for a number of years.

The Commission also began work with the Lakes Region Planing Commission on the Water Resources Plan portion of the Town Master Plan. We hope to become more closely involved with that project as work progresses.

Finally, the State issued new guidelines on its groundwater protection program. The Conservation Commission hopes to have access to the Government Information System computerized maps to assist in identifying the Town's groundwater resources, and suggesting amendments to the Town zoning ordinance to protect our most valuable groundwater resources, if necessary.

Respectfully submitted,

Richard de Seve, Chairman

CODE ENFORCEMENT OFFICER

FRINGE BENEFITS STUDY COMMITTEE

Report and Recommendations
September 3, 1992

Mission Statement

To study the Town of Northfield's Employee Fringe Benefit Plan in comparison to surrounding municipalities, local business and industry, and to make recommendations to the Northfield Selectmen not later than October 1, 1992.

Process

The Committee met on the following dates: May 21, June 8, June 22, July 13, July 27, August 17 and September 3, 1992. Members of the Committee, appointed by the Town Moderator: Steve Randall, Chairman; Samuel Langley; Scott Finemore; and Steven Bauer representing the residents of Northfield; Gerard St. Cyr, Selectman; Scott Hilliard, Budget Committee Member; Albert Cross, Elected Official; Paul Leary, exempt employee; Judy Huckins and Timothy Lang as non-exempt employees.

At the suggestion of Scott Hilliard, the Committee included an analysis of wages to 1) compare Northfield's wage scale to other municipalities of the same size and tax base; 2) highlight the salary structure gap between top management and personnel in the lower labor grades; and 3) show the taxpayers the entire package they are providing employees.

The following towns and private industry comprised our study group: Belmont, Boscawen, Bristol, Hopkinton, Northfield, Pittsfield, Tilton, Sanbornton, the Veteran's Home, Tilton Engineered Components, Quality Controls.

The following items were addressed in the comparison:

1) Average pay scale per department and position
2) Health insurance plan

3) Number of paid holidays per year

Findings

The Town of Northfield's fringe benefits package appears to be comparable to communities of the same size and tax base, even though we may appear to offer more in one area, we may be lacking in another. The benefits currently offered provide an incentive to retain and attract employees.

Recommendations

The following recommendations have been agreed to by a majority of the committee members as cost containment measures and to preserve the basic benefit program for the employees of the Town of Northfield.

1) Wages.

a. In 1988, the Selectmen and the Budget Committee implemented a wage scale of labor grades with step increments patterned after the State of New Hampshire pay scale. In 1989, town employees received a 4% cost of living adjustment (COLA) and again in 1990. No COLA's were given in 1991 or 1992. However, employees do receive a step increase (approximately 3.5%) upon successful completion of an annual performance

evaluation either on their anniversary date of hire, or during the 14th pay period.

b. We recommend that in the 1993 Budget, the Board of Selectmen include funding to have the NH Municipal Association review our current personnel classification system to include review of job descriptions, placement within the labor grades and revisions to the pay scale. It is suggested that the number of labor grades be reduced from 35 and to increase the number of steps within each grade. The estimated cost to conduct such a study is $1,500 to $2,000. We also recommend that the Selectmen inquire of NHMA if they can conduct a job task analysis of each position which would establish the physical requirements of each job.

2) Health Insurance.

a. The largest cost item in the fringe benefit package is health insurance. In 1992 the Town paid approximately $73,000 in premiums for Blue Cross/Blue Shield coverage through the NH Municipal Association Health Insurance Trust for 19 covered employees. The majority have family coverage. The Committee investigated Healthsource, a Health Maintenance Organization as an alternative coverage but it was found that their premiums were still higher than NHMAHIT's.

b. The Committee recognizes that cost containment measures have been adopted by the Selectmen the last two years. In 1991, the Town changed from the Plan JW to JW/Managed Care. In 1992, the Town changed from JW/Managed Care to the Comprehensive 100/Managed Care. These actions realized an 8% savings in increased premiums in 1991 and a 15.5% savings in 1992. The COMP100 plan

differs from JW in that all expenses are subject to a $100 deductible instead of just the first 2 office calls per family member. In addition, the employee must pay the first 20% of $2,000 of expenses. Consequently, the employee is more likely to reach or use the $100 deductible more quickly with this plan. The total maximum out of pocket expenses for a single plan are $500 and $1,000 for a two person or family plan.

c. Three cost cutting options were presented to the committee for consideration and were rejected as being punitive and unfair.

1. Effective January 1, 1993, employees will be required to pay 25% of the dependents coverage cost of health insurance and on January 1, 1994 increase to 50%;

2. Employees must show written proof of their dependents not being eligible for health insurance by their current employers to be eligible under Northfield's program;

3. All new employees hired after January 1, 1993, the Town will pay the employee's portion of health insurance only. Dependent coverage to be paid by the employee.

At this time, a majority of the committee does not recommend that employees be required to pay a percentage of the health insurance premium.

3) Number of paid holidays per year. No change recommended.

4) Dental coverage. After reviewing the claims history for the past two years, the premiums paid by the Town exceeded the utilization. Total premiums the last two years were $8,260.00. Total benefits paid were $3,381.60. The Committee recommends that employees be encouraged to use the benefit, through an educational program, and if utilization continues to drop, then the benefit should either be discontinued or employees can carry the option at their own expense.

5) Life insurance. No change recommended.

6) Short/long term disability insurance. No change recommended. This program, even though it is expensive, is an attractive benefit for employees as few policies will cover 2 1/2 years; it saves the Town money by not having to budget for accrued sick days, employees are less likely to abuse the system since there are no sick days; when an employee is disabled, the insurance policy frees up funds so the that Town can hire a replacement.

7) Vacation days vs. number of years employed. No change recommended.

8) Paid sick days. Northfield does not offer sick days due to the short and long term disability policy. The Committee recommends that Selectmen address the issue of a requirement that each employee undergo an annual physical examination to insure the employee is physically fit to meet the established job requirements. Job requirements would be established through a job task analysis mentioned in item 1-b. The issue that remains to be addressed is what would be the outcome if the employee failed to meet the requirement. The Selectmen should consult with the NHMA and Town Counsel on this matter. The Town should assume the cost of the medical examination either through direct payment to the provider or reimburse the employee towards their deductible. Stronger

emphasis should be placed on a "Wellness Program" for employees.

9) Personal Days. No change recommended.

10) Education Incentive. None available. No change recommended.

11) Dry Cleaning. Allowance is offered to the police department. No change recommended.

12) Clothing Allowance. Uniforms are purchased for the police department. The Highway Department employees have the option of renting uniforms at their expenses. No change recommended.

13) Emergency Leave. Not offered. Have personal days instead. No change recommended.

14) Shift differential. None offered. No change recommended.

15) As a result of changes in the economy, the Committee encourages the Selectmen to review the fringe benefits program at least every other year with the Fringe Benefits Review Committee.

16) We suggest that the Selectmen provide annually to each employee a summary of their fringe benefits and the cost to the Town. In this way, employees will see that in addition to their salary, they are receiving on the average $5,300 per year in benefits.

17) We recommend that in 1993, the Selectmen implement an IRS Section 125 program (flexible benefit plan - premium conversion, medical reimbursement, dependent care coverage) which would allow employees to pay for benefits with pre-tax dollars. There is also a savings to the Town as the social security tax (7.65%) would not have to be matched on these contributions.

Summary

We find that our fringe benefits package appears to be comparable to communities of the same size and tax base, even though we may appear generous in one area, we may be lacking in another. We recommend that the Selectmen and Budget Committee maintain the existing level of benefits for employees, both present and future for purposes of loyalty to the good employees, attractiveness to future "good" employees, and based on the taxpayers ability to pay for the benefits we presently offer. We hope that the Selectmen and taxpayers realize these recommendations were made with the understanding of the present economic situation, the tax structure of the community and the fact that there were no intentions to single out any particular individual, only to provide a clear understanding of the entire fringe benefit situation.

Respectfully submitted,

Steven Randall, Chairman

HAMILTON TRAILER PARK DEVELOPMENT COMMITTEE

The Committee, comprised of Richard Perreault, George Moses, Susan Jordan, Nancy MacKinnon who are residents of the Park, Road Agent Albert Cross, Selectman Thomas Jordan and Northfield Resident Kent Finemore, met monthly to resolve the maintenance issue of these private roads. Following a thorough investigation of the laws, legal opinions and construction cost options, the Committee held a general informational meeting of the Park's Residents to determine whether or not they wanted to form a private association to maintain the roads or to proceed with a "Better Assessment" to make the road a public maintained road.

Based on our findings and with the support of the majority of the lot owners (only one lot owner spoke in objection) the Committee petitioned the Board of Selectmen to proceed with a Better Assessment and ask the Town to authorize borrowing a long term note not exceeding $100,000 to make the necessary road improvements so the Town can accept the road. The total cost of the project (construction, engineering, legal fees and interest costs) will be assessed to the lot owners in the Park and will not cost the Town Taxpayers anything. We strongly urge the townspeople to vote in favor of the warrant article.

Respectfully submitted,

Richard Perreault, Chairman

PLANNING BOARD

At the 1992 Town Meeting, the voters adopted all of the proposed amendments to the Zoning Ordinance.

We also completed the Land Use, Goals & Objectives, Economic Base Chapters of the Town's Master Plan and began working on the Water Resources Chapter.

Summary of Planning Board Actions 1992:

#92-01	Marsha Charron and Raymond Neun: Site plan review for operation of a funeral home. Approved.
#92-02	Alan/Patricia Smith: Site plan review for operation of a florist shop and nursery. Approved.
#92-03	Held a Public Hearing at the request of the Northfield Selectmen concerning Mr. Richard Rowell's proposal to utilize 20 acres of Bert Southwick property for septage disposal.
#92-04	Richard/MIldred Cartier: Boundary Line Adjustment. Approved.
#92-05	Richard/Mildred Cartier: 2 Lot Subdivision: Approved.
#92-06	Dime Savings Bank: 2 Unit Condominium approval. Approved.
#92-07	David Cheever: 4 Lot Subdivision. Approved.
#92-08	Edward/Madge Sheldon: Boundary Line Adjustment. Approved.
#92-09	Glen/Janice Jordan: 2 Lot Subdivision. Approved.
#92-10	Denis/Patricia Lynch: 2 Lot Subdivision. Approved.
#92-11	Camillo Lamanuzzi: 2 Lot Line Adjustments. Approved.

Respectfully submitted,

James Lamanuzzi, Chairman

NORTHFIELD POLICE DEPARTMENT

The Northfield Police Department handled 4,833 incidents during 1992. Graphs of the 1992 monthly total of activity, as well as a yearly comparison for the years 1988 to 1992 follow this report.

The year 1992 has been a busy one for the Department. In this tenth report the majority of the officers remain. Sergeant Jason Sprowl left for the Kennewick, Washington Police Department and Part-time Officer John Begin has gone full time with the Manchester Police Department. Officer Timothy Lang was promoted to Corporal and William Whitcher was hired as a part-time officer. Officer Stephen Adams has returned to Northfield and police work after a time in the private sector and remembers many of the people he had met during his previous stay with the Department.

The Explorer Program under Corporal Timothy Lang continues and as always is very helpful at Old Home Day.

The Department would like to thank the Highway Dept., Town Hall and the Selectmen for their continued support and cooperation.

Crime Line for Northfield, Sanbornton and Tilton continues and can be reached at 286-2200. Remember with this number you can remain anonymous if you wish, so please, if you See a Crime, Report it.

Just a short recap of the activity your Police Department has been working on this year. The apprehension of 2 Laconia men for a burglary in Northfield as well as Belmont and Gilmanton in March. In April a man was arrested for 7 counts of Rape on two teenage victims and held on $100,000.00 cash bail before arraignment. In June, a theft ring was broken and included the Towns of Northfield, Tilton,

Canterbury, Sanbornton and the Cities of Laconia and Franklin on the alertness of Officer James McIntire of our Department. In August, 27 Marijuana plants were seized on Bay Hill Road and 5 plants were taken out of the Bean Hill Road area. In September we assisted the N.H. State Police in removing over 50 plants from the Oak Hill Road Area. In October an arrest warrant was executed which led to a Search warrant and several people being arrested on multiple drug charges. Also at the same time with the assistance of a Belknap County Sheriff Department Dispatcher were able to talk a man out of committing suicide. These are just some of the many cases handled by your Police Department.

In May one the most enjoyable things that happened with the help of many people in our Community and the surrounding Communities and with the permission of the Selectmen, Lieutenant Joseph Corso was able to construct a Memorial to remember All Veterans and the Monument was dedicated on May 30.

As training has to continually be a very important part of Police work, members of the department attended the following schools: Administrative License Suspension Law School, Administrator's Responsibility for Law Enforcement Training, Advanced Defensive Driving, Advanced Fingerprint, Advanced Prosecutor, Background Investigation, Basic Dispatch, Basic Hazardous Material, Basic Report Writing, Chief's and Training Officer's Seminar, Child Abuse and Exploitation Investigation Techniques, Crime Scene-Response & Processing, Dealing with Difficult People, Defensive Tactics Instructor, Drug Recognition, Field Training Officer,Firearms Instructor Refresher, Gaze Nystagmu/DWI, Handcuff seminar, In Traffic Lidar Operation, Issues for Police Chiefs, Organized Legal Assistant, Photography, Police Chief Supervision for Experienced Supervisors, Survival Instructor, Warrants & Complaints.

In closing I would once again like to thank you for the continued support that we have enjoyed over the years and ask you to continue to be the eyes and years for your Police Department.

Respectfully submitted,

Paul M. Leary, Chief

ROAD AGENT'S REPORT

The 1992 Winter once again, gave us an extreme amount of freezing rain. There were 28 storms from December 3, 1991 through April 12, 1992 and half of these were rain. Several storms started out as snow and then turned to rain. Due to the frequent winter rains, Spring brought an above average amount of mud and as a result the amount of gravel used increased from 1991. Spring also is the time of year when the Highway Department is busy with the sweeping of streets, cleaning up the roadsides, Arch & Pines areas, Town Beach and the 6 Town Cemeteries. Workfare is utilized as much as possible in these projects. Grading of the 20 plus miles of dirt roads is started and continues into the Fall.

Summer projects consisted of the recycling and reconstruction on part of Shedd and Knowles Pond Roads. We seal-coated Susan Lane, Old Hidden Lane, Bean Hill, Union Road, part of Oak HIll Road, Shaw Road and part of Silver Lane. Fall work consisted of the cleaning of ditches to control Spring run off. The paving of Elm St. sidewalk and the reconstruction of the Granite St. sidewalk. It is also the time when winter sand is hauled and stockpiled.

The Highway Department is also responsible for Operating and maintaining the Holding/Recycling Area. Throughout the year, projects such as the lowering and stabilizing of the box trailers that are used for storage were completed.

I would like to take this time to thank the many understanding residents for their patience during the inclement weather of winter months as well as during construction work in the summer months.

Respectfully submitted,

Albert E. Cross, Road Agent

NORTHFIELD SEWER DISTRICT

The Sewer Commission reports that the upgrading of the Northfield Sewer District continues. In 1992 the Commission replaced 400' of old pipe on Granite Street and extended services to two homes at the end of the street who had failed septic systems. This, and the cost of replacing manholes and relocating them cost the District $22,500, of which $12,500 was taken from the Capital Reserve Fund.

At the annual meeting on May 5, 1992, the position formerly filled by Michael Charron was filled by the election of Owen Clifford as Commissioner.

There are no plans to expand or replace any of the System in 1993. The increase in the 1992 budget over the prior year was not billed to users until the January 1, 1993 bill due to a computer error. It is anticipated that the budget for 1993 will be less than 1992.

Respectfully submitted,
Rob Steady
Roy Jordan
Owen Clifford

MINUTES OF THE 1992 ANNUAL NORTHFIELD SEWER DISTRICT MEETING May 5, 1992

1. Voted to elect Gerard St. Cyr as Moderator.
2. Voted to elect Linda Andrews as Clerk.
3. Voted to elect Louis Ellis as Treasurer.
4. Voted to elect Rob Steady, Roy Jordan and Owen Clifford as Commissioners.
5. Voted to raise and appropriate the sum of $81,370 for operation and maintenance of the System.
6. Voted to remove sum of $12,500 from Capital Reserve for reconstruction of Granite Street line.

Additional $10,000 from maintenance budget.

7. Vote to authorize Northfield Tax Collector to accept levies.
8. Vote to recognize the faithful service and untimely death of Michael Charron.

Meeting Adjourned at 8:00 p.m.

NORTHFIELD SEWER DISTRICT BUDGET

	Expense 1991	Budget 1992
Treatment Charges	$ 74,625.00(1)	$ 56,000.00
Capital Reserve	-0-	-0-
Insurance	446.00	700.00
Salaries	2,700.00	3,200.00
Legal Expense	-0-	50.00
Advertising	-0-	25.00
Engineering	9,592.50	-0-
Billing & Accounting	3,100.00	3,250.00
Maintenance	8,776.74	16,000.00
Miscellaneous	150.00(2)	45.00
Cap. Cost Recovery	97,613.36(3)	2,100.00
Total	$ 99,390.24(4)	$ 81,370.00

1) Two quarters of 1990 treatment charges were paid in 1991
2) Domestic connection inspections - 10 @ $15
3) Paid to Partridge Construction for Summer Street Project, budgeted $115,000
4) Excludes Summer Street project - includes engineering costs for that project

SOLID WASTE COMMITTEE

1992 brought an increase in the number of residents who have been recycling. Due to this fact the Town was able to lower their GAT (Guaranteed Annual Tonnage) for 1993 with the Cooperative by 250 Tons for a savings of $9,700.00 in incineration fees.

We collected approximately 86 tons of recyclables this year which is an increase of about 53 tons over year. This represents a cost avoidance savings of $3,368.00. We also received $2,721.30 as a direct refund from the COOP for each ton of recyclables collected. From the 65 tons that were marketed, we received $2,250.00 in revenues. The remaining 21 tons of glass collected has been utilized by the Highway Dept. in drainage projects. We also collected $2,550.00 in fees which help to offset the landfill costs.

As the figures and tonnages show, our recycling efforts are working. Please keep up the good work!

A reminder - Please remove all caps (except on oil containers) and rinse containers thoroughly before bringing them to the recycling center. This will help reduce the sorting and handling which in turn will decrease overhead and increase revenues.

The Recycling Center is located on Sargent Street and is open Wednesday 12-4 pm and Saturday 8-4 pm. Please help save our tax dollars and earth by recycling. Every little bit helps.

Respectfully submitted,

Judy Huckins

SUPERVISOR'S OF THE CHECKLIST

The aim of the Supervisors of the Checklist of Northfield has been to streamline the process of registration for the convenience of the people of Northfield. It is for this reason that authorization has been given to the Town Clerk and the Deputy Town Clerk to register voters during their office hours so that prospective voters are not limited to our monthly meetings.

The 10 year cleaning (RSA 654:39) requiring Supervisors to verify the name on the checklist and remove those who were not active presented a bit of a problem during our 1992 Presidential election. There were long time residents of Northfield who came to vote whose names were not on the checklist, having been removed as they had not voted in the last 3 major elections and had not responded to our notice to re-register.

If there is a doubt in your mind as to whether you are registered, check our current checklist which is available and the Northfield Town Hall and at the Police Station.

Should you find that your name is not on the checklist, then either register with the Town Clerk or come to a regular meeting of the Supervisors.

Our registered voter count is now at 1972.

Respectfully submitted:

Terry Steady
Donna Cote
Lewis Read

TILTON/NORTHFIELD FIRE DISTRICT WARRANT

To the inhabitants of the Tilton-Northfield Fire District, qualified to vote in District Affairs:

You are hereby notified to meet in the Winnisquam Regional High School Cafeteria on Monday, March 15, 1993 at 7:30 o'clock in the evening to act on the following:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Treasurer for the ensuing year.

4. To choose a Fire Commissioner for the ensuing three (3) years.

5. To hear the reports of the Treasurer and the Fire Commissioners and pass any vote relating thereto.

6. To see if the district will vote to renew the Water Contract and raise money for the same in the sum of Forty-Two thousant dollars ($42,000.00).

7. To see if the District will vote to raise and appropriate Fifteen Thousand Dollars ($15,000.00) for the support of the Winnisquam Fire Department.

8. To see if the District will vote to accept the budget as submitted by the Fire Commissioners, and pass any vote in relation thereof.

9. To see if the District will vote to authorize the Fire Commissioners to apply for, accept and expend money for the State, Federal or other Governmental unit or a private source should any become available during the year.

10. To see what action the District will take relative to the ultimate disposition of accumulated insurance proceeds. Such proceeds are accumulated as a result of proceeds received from insurance companies as a result of transports by the District's Rescue Squad.

11. To see if the District will vote to authorize the Fire Commissioners to borrow money in Anticipation of Taxes.

12. To transact any other business that may legally come before the meeting.

A true copy of the Warrant Attest:

Fire Commissioners

Thomas G. Gallant, Chairman
Andrew Sleeper
Lewis D. Read

WELFARE ADMINISTRATOR'S REPORT

Although the economic crisis is far from over, positive indications are arising for the Town of Northfield. During the latter months of 1992, general assistance spending was consistently under budget. The cause for this trend cannot be absolutely defined, but a number of factors can at least partially be credited for the less than expected expense. Primary among these factors is the tremendous progress that State Welfare has made in processing applications for assistance in a timely manner. Very often, people who are awaiting State assistance are totally without resources and must turn to the Town in order to survive the wait. By hastening decisions and subsequent issuance of State Aid, the burden on the Town is lessened.

Other factors which may have contributed to the trend include increased employment and relocation. These are more difficult to pinpoint, as the Welfare Administrator is not always notified of a person's securing work or moving. More effort will be focused on tracking the reasons for clients' ceasing to require town assistance.

The workfare program continues to provide an avenue by which certain clients are able to defray their indebtedness to the town (town assistance is considered a loan). For many, working for the town two days per week is a condition of assistance and failure to work scheduled hours results in suspension of assistance. For every hour worked, $5 is subtracted from the client's assistance balance. In 1992, a total of 2794 hours were worked by Town assistance recipients, thereby reducing their indebtedness to Northfield by $13,970. As of early 1993, workfare assignments are exclusively with the Highway Department. Efforts are being made to include the Pines Community Center as a source of workfare assignments.

In the vast majority of Town Welfare cases, multiple human services are involved. It must be recognized that without the existence of these agencies (Community Action Program, Twin Rivers Community Corporation, Helpline, Lakes Region Family Services, Visiting Nurses Assoc., Tilton-Northfield-Sanbornton Christmas Fund, etc.) the financial burden on the Town would be unbearable, and the struggle for a client to become independent of Town assistance would be exacerbated. Northfield is fortunate to be a part of a very supportive human services network.

In can only be hoped that fewer and fewer residents will need Town assistance. It is impossible to make accurate predictions in regard to 1993, but all indications are that things are looking up.

Respectfully submitted:

Monika Bissell

ZONING BOARD OF ADJUSTMENT

The past year was a very slow one for the Zoning Board of Adjustment. The Board heard few appeals or requests for special exceptions or variances, due in large part to the general economic stagnation of the area. Most of our work concerned deciding requests for setback variances and minor lot line adjustments.

Respectfully submitted,

Richard de Seve, Chairman

CONCORD REGIONAL SOLID WASTE RESOURCE RECOVERY COOPERATIVE

1993 Budget:	
Wheelabrator Concord Co.	
Service Fees	$1,987,719
Bypass Disposal Cost Reserve	125,000
Franklin Residue Landfill	
a. Operations & Maintenance	750,214
b. Bond & Loan payments	448,428
c. Expansion Sinking Fund	574,597
d. Closure & LTM Fund	149,104
	$1,922,343
Cooperative Expenses	344,720
Total 1993 Budget	$4,379,782
Less portion of interest, surplus, recycled tons & communities deliver GAT applied to 1993 budget	307,161
Net - to be raised by Co-op Member Municipalities	$4,072,621

1993 GAT of 103,235 tons and net budget of $4,072,621 $39.45/ton. 1992 was our third full year in operation and it was a successful year. We were able to complete on time, within budget, and put into operations in the Fall of 1992, the Phase II portion of the Landfill Expansion. Pike Industries of Tilton did an excellent job in constructing the double lined landfill and leachate collection. It took the cooperation of the State DES, our consultants CMA Engineers, Pike and our Operator J.D. McLeod to have this project come together as well as it did.

Our 1992 Co-Op delivered tonnage of 103,596 was up 1.4% over the 1991 delivered tons. We disposed of 66,514 tons of ash at the landfill and the leachate disposal process have been functioning very well. Our 2.6% increase in the Co-op tipping fee should assure us of another successful year and will keep our Expansion and Closure/Long Term Maintenance Funds on a solid financial basis. Once again many thanks to the Officers and Representatives to the Co-op.

FRIENDSHIP GRANGE

Organized on December 26, 1885, the first meeting was held in the old brick church (now the Town Hall) and still meets there. The Grange has contributed to the development of the building over the years by installing electricity, putting in water and phone service and after the building burned in 1973, installed a kitchen equipment.

Each year the Grange awards the Community Service award to a citizen who has done a lot for the community.

The Century Farm award is given out to the oldest continuously operating farm by the same family for over 100 years. Harold Corliss received this award.

There are only 7 living past masters: Harold Corliss, Alice Huckins, June Rand, Lewis Read and Marion Houlihan, (current master), John Lyford and Eva Blaisdell.

At 107 years, Friendship Grange is the oldest organization in Northfield and is a True and Faithful Friend to Agriculture through the order of Patrons of Husbandry and the Doorway to Community Service.

Respectfully submitted,

Marion Houlihan, Master

Total	31,427	30,935	27,247
Daily average circulation	127	124	106

Circulation in 1992 increased slightly over 1991, keeping pace with last year's significant 17% increase.

Many thanks to: generous patrons for monetary, videotape, book and magazine donations; to the Garden Club for their gifts of a Christmas Tree, wreath and ornaments; and the terrific Middle School clean-up gang. We appreciate their kindness.

The Rotary Club gave a family pass to the McAuliffe Planetarium this summer for the use of Tilton, Northfield and Sanbornton families. It has already saved the communities $475 in admission fees. Come in and ask us to reserve it for you and your family.

Regular visits from the Union-Sanborn School enliven the library. The summer program for children this year included U.N.H.'s The Little Red Wagon, a magician and two North Country storytellers. Winners of the reading program enjoyed a trip to the Polar Caves.

Rinske was awarded a one-course scholarship by the N.H. Library Trustees' Association, and enjoyed a children's literature course over the summer.

We passed our last year's set of Books in Print, a valuable resource, to the Middle school.

A word about overdues: it's nothing to smile or shrug about. We now have $2,416 worth of adult books and $3,440 worth of juvenile books that have been overdue for more than six months. This is equivalent to theft of public property. Please return library materials if you have them.

Respectfully submitted,

Rinske Van Epen, Librarian

LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission is a voluntary association of local communities designated by area towns as the organization that brings towns and cities within the Region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of current expertise include land use planning, transportation planning, master planning, environmental planning, capital improvement programming, impact fee studies, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems and computerized cartography, household hazardous waste collections and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our circuit rider program. The Commission also serves as a collective voice in dealings with state and federal governments protecting and furthering the interests of our communities.

Your support enables the LRPC to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit.

We look forward to serving Northfield during the coming year. Please feel free to contact us at 279-8171 whenever we can be of assistance.

LAKES REGION FAMILY SERVICES

Lakes Region Family Service Association, Inc. is a private non-profit social service organization which receives an appropriation from the town of Northfield. The agency serves approximately thirty-five (35) to forty (40) Northfield families per year.

Lakes Region Family Service provides three programs to the community; these are Family Counseling, STOP Family Violence and a Mediation Program.

The Counseling Program serves adults, children and adolescents, families and couples. Psychiatric consultation is available. Groups and workshops are offered, including Co-Dependency, Adult children of Alcoholic groups, and Children of Divorce. We offer sliding scale fees and many insurances are accepted.

The STOP Family Violence Program seeks to intervene in family violence with a variety of interventions. All members of the family are assisted. The agency offers a program for Men Who Batter. We also have begun to intervene with child sexual abuse victims and their families.

The Mediation Program provides free Parent/Child Mediations, and Divorce Mediation at affordable rates.

Our main office is located at 95 Water Street, Laconia, N.H. Services are accessed by calling us at 524-5835.

NORTHFIELD HISTORICAL SOCIETY

The programs presented to the Northfield Historical Society during this past year have all been illustrated talks with subject matters ranging from the granting of land in the colonial days of Robert Woodard, Laconia Historical Society in his talk of "Masonian Grants", to Justine Gengras Professional Anthropologists, talk on traces of former times entitled "Cellar Holes".

Personal recollections of former days were presented by elder residents of our communities. Albert Garneau of Franklin, described Paper Mills, the chief industry in Franklin at the turn of the century. While Richard Smart told of activities on Shedd Hill from the time of the Shedd Estate through the occupancy of the Dallas Townsend family including recollections of "Kitty" Ward and Harry Lockwood. He described the occupants and programs of the Golden Rule Farm and the present Spaulding Youth Center.

The fall programs brought us up to the present with teenager Betsy Swain, of Sanbornton, telling of her recent six month stay in New Zealand and comparing that country to New Hampshire, while Jim Shimberg concluded our programs with his illustrated talk on the new sport of Rock Climbing in New Hampshire.

A main concern of our Society is the need for a curator for our Historical documents and artifacts and an appropriate place for exhibiting them.

Members of our Society showed they were interested not only in what had gone on in the past or what was taking place in the present, but in being part of Northfield's future History. By a unanimous vote they approved a very significant donation to our Community Center now being established. Officers for the past year were:
Richard Caveney, President, Gerard St. Cyr, Vice President, Marion Houlihan, Secretary, Eloise Lyford, Treasurer. Directors are Chester Davidson, Robert Beaulieu and Richard Smart.

NORTHFIELD-TILTON ECONOMIC DEVELOPMENT CORPORATION

NTEDC is a private non-profit economic development corporation comprised of 45 members and a Board of 15 Directors representing the two towns. Our primary objectives are to 1) encourage a diversity of businesses, especially manufacturing industries, to expand or locate in the Northfield-Tilton area, while maintaining the existing employment base. A total of 300 additional manufacturing jobs should be developed in the next 5 years; 2) maintain the area's quality of life by assuring that new development is well-planned and in concert with the natural environment; 3) encourage quality education at the elementary and secondary levels and support vocational-technical and other training and re-training programs. At least one new vocational training program should be initiated within the next 2 years; 4) support and sponsor community development projects and programs which enhance the ability of the area to attract and retain businesses. Particular attention should be addressed to (a) improving water service and sewage collection in potential industrial areas; and (b) constructing access improvements at Interstate 93 (Exit 19); and 5) promote entrepreneurship, including the encouragement of new, home-grown businesses. At least 10 new start-up businesses should be initiated within the next five years.

We are currently working on seven projects to implement these objectives: a Targeted Industry Marketing Program, an on-going Business Visitation Program, development of a Small Business Incubator, creation of an Entrepreneur's Club; participation in Local Planning Efforts, establishment of a Revolving Loan Fund; and finally, a Business/Education Partnership to make sure there is a continuing dialogue between the business community and representatives of public secondary and post secondary schools regarding the specific needs of industry.

Respectfully submitted,

Michael Baker
NTEDC, Board of Director

OLD HOME DAY COMMITTEE

Once again the 1992 Old Home Day was a huge success, in spite of the afternoon downpour.

The day started at 8:00 a.m. with a Road Race, continuing on with a magnificent parade at 10:00 a.m. Various activities during the day included Horse pulling, fish pond, kids games, Papa Joe's story telling and numerous food and craft booths. An added attraction this year was helicopter rides at the athletic field. The busy day ended with the annual Fireman's Muster and a fabulous display of fireworks.

This year's citizens of the year were David Schofield of Northfield and Arthur Abbott of Tilton.

We look forward to seeing you at the 1993 event which will be held June 26 (rain date June 27). The parade theme will be "Let's Go Country".

Once again I would like to thank everyone who works so hard to make Old Home Day such a success. And we would all like to thank the numerous people who come to support our annual event. A very special thanks to retiring Parade Chairman John Keith who for the past several years has done a wonderful job with the parades.

Respectfully submitted,

Mike Summersett

TILTON/NORTHFIELD RECREATION COUNCIL

The Tilton-Northfield Recreation Council thanks the residents and taxpayers of Northfield and Tilton who have given volunteer support as well as financial supports to the Recreation Council this year. The volunteers involved in helping to run many of our programs continues to be greatly appreciated and needed.

In 1992 the dream of our own facility has become a reality with the building of The Pines Community Center. With the new building we are expanding the programs that will be offered for the residents of Tilton and Northfield. The recreation programs that have been running will continue and based on the community survey, new programs will be added. A variety of community programs will be offered and non-profit civic groups from Tilton and Northfield may have their meetings at the Community Center as room allows. We plan to house many Community Action Programs such as Head Start, Surplus Food Distribution and others.

Some of the rooms in the Community Center will be available for rentals including the multi-purpose room and the conference room. The Capital Fund Raising Committee is working on sources of funding to furnish and equip these and others areas of the building.

To the volunteers from both Tilton and Northfield - THANK YOU! Over 125 people have donated time, materials and expertise to make this building become a reality. We would not have been able to do it without you. The Building Committee (Butch Knowlton, Steve Hoyt, Dan King, Dick Maher, Dan Jordan, Dottie Pelletier, and Chip Johnson) deserve a tremendous thank you for their three years of dedication and determination to make the Pines Community Center possible. Also, we thank the Town of Northfield, especially Joyce Johnson, Administrator and the Selectmen for their assistance through the entire

$350,000 Community Development Block Grant process. The Towns of Tilton and Northfield and especially the Highway Departments of both towns have also helped us in so many other ways in the preparing for and the building of the Pines Community Center.The building is open 8:00 a.m. to 4:30 p.m. Monday-Friday. Please come down and see your Community Center.

UPPER MERRIMACK RIVER ADVISORY COMMITTEE

1992 has been a busy year for the Upper Merrimack River Local Advisory Committee as we have continued our work under the New Hampshire Rivers Management and Protection Program and the federal Wild and Scenic River Study.

Our primary focus has been to study the river's natural and cultural resources, including their present management and the implications of a potential federal Wild and Scenic River designation.

We have also worked with our agency support staff to produce handbooks for each of the upper Merrimack communities which contain recommendations for local actions to better manage and protect the river's resources. These handbooks have been presented to the Planning Board for their consideration.

We have also helped to produce an educational brochure and video about the river, its resources and the ongoing state and federal study efforts.

In 1993 we will be wrapping up our work relative to the federal river study. By early summer we will have put together a preliminary recommendation regarding federal Wild and Scenic designation and management. We will bring this proposal to the town for consideration and feedback at this time. We will hold several meetings and briefings to be sure that everyone has had a chance to ask questions and make comments on the proposal. By August we want to have made any necessary changes to the proposal.

By the end of the summer the proposal will be ready for formal consideration by all of the upper Merrimack communities. For Northfield, this will require a vote at Town Meeting, 1994 or possibly at a special town meeting in the fall.

Respectfully submitted,

Richard de Seve and Joyce Johnson

VISITING NURSE ASSOCIATION OF FRANKLIN

In the past four years we have experienced many changes at the VNA of Franklin as a reflection of the tremendous changes occurring in home health care throughout the country. Regulations are changing constantly and keeping abreast of the state-of-the-art medical technology is demanding. Along with these dramatic changes in the home health industry, this Agency has experienced 82% growth.

During this time of change we have expanded our facility adding more than 3,000 square feet of office space to accommodate the increasing number (60) of employees. This new space has significantly improved our work environment.

Through progressive anticipatory planning by the Board of Directors and management team, we have been able to be a LEADER in the field of home care. We are continually monitoring and evaluating every aspect of our operation in order to become more responsive to the communities we serve, to our patients and to our employees.

With our EYE TO THE FUTURE we begin a comprehensive strategic planning process, setting our course for the next decade. We will remain the home health care provider of choice and will continue to incorporate flexibility and efficiency in all service areas as we prepare for health care in the year 2000.

Service Statistics

In 1992 over 5,673 services were delivered to the residents of Northfield and 29,552 to our entire catchment area. Our Hospice and Child Health Programs are requested by many families in Northfield. The footcare, immunization and flu clinics as well as blood pressure screenings, educational programs and support groups continue to expand.

Skilled Nursing Visits	1,479
Home Health Aide	3,062
Physical Therapy	273

Homemaker Visits	347
Supportive Services	337
Hospice Visits	15
Office Visits	43
Child Health Service	15
Community Health	61
Medical Social Services	12
Total	5,673

We appreciate the support of Rob Steady, Catherine Beaulieu and Phyllis Yudicky from Northfield who serve on our Board of Directors.

We can be reached at 934-3454, 24 hours per day.
Office hours 8:00am-4:00pm, Monday-Friday

WHITEMAN-DAVIDSON AMERICAN LEGION POST

Whiteman-Davidson Post #49 was organized in March 1919 and is named in memory of Frank C. Whiteman, who was the first citizen from Northfield killed in the line of duty in 1917, World War I. The Davidson name was added in memory of Everett "Irish" Davidson, the first citizen from Northfield killed in the line of duty in 1942, World War II. This organization is comprised of men and women who have served in all conflicts since World War I up to the Persian Gulf war. The Legion programs are supported from fund raisers, suppers, breakfasts, dances and beano games.

The Auxiliary Unit is made up of ladies and juniors who can join if a relative is a member of the Legion. The Auxiliary Unit 49 was organized in November 1920 when only 20 members were present. Nellie Small is the only original member left, having belonged 73 years. Another program is the Gold Star Mother, Sister or Wife, so named when a husband, son or daughter has been killed in the line of duty.

The Legion and Auxiliary are proud to sponsor a high school junior who is interested in learning about city and state government, by sending a representative to the Boys State and Girls State programs.

Another family part of this organization is the Sons of the American Legion, Squadron #49 which has worked very hard to support the community.

Programs that all three organizations promote are the Poppy Program on Memorial weekend, "Safe Halloween", "Drugs, Alcohol and Teenage Suicide", Scholarships for High School seniors, High School Oratorical contest and last but not least helping the Veteran and his family in time of need.

Current officers:
Commander: Peter Perthel
Auxiliary President: Diane Harris
Sons of the American Legion Commander: Raymond Harris

YOUTH ASSISTANCE PROGRAM

This year marks the 17th anniversary of the Youth Assistance Program, the first court diversion program in the State of New Hampshire. The present staff of two, Dawn Shimberg and Martha Douglass have worked for the program for seven years. Volunteers help young people on review boards, companion programs and on the board of directors. Major financial support comes from the three towns served: Northfield, Tilton and Sanbornton. For the past three years the towns have received financial assistance from Belknap and Merrimack Counties.* The Challenge Program, sponsored by the Winnisquam Regional School System and the Youth Assistance Program, is a substance abuse training program for youth independently funded with a grant from the Governor's Drug Free Schools Program.

The Youth Assistance Program was founded to serve youths and their families within their communities. The belief that young people in need can be served by people in the place where they live was important from the beginning. Although many diversion programs have developed throughout the state, the majority of them are community based; dedicated to the belief that "communities taking care of their own" is still a sensible New Hampshire tradition. Facility and staff are more accessible. Volunteers help friends and neighbors, as well as themselves, by serving to improve their towns. Direction comes from people closer to the needs at hand than could be possible if these diversion and prevention programs were controlled by county or state. The Youth Assistance Program remains independent; always aware of and addressing the needs of the neighborhoods. This area is noted throughout the country for a high rate of alcoholism, teen pregnancy and school dropouts. Drug related problems and AIDS are frightening to everyone--and on the rise. The Youth Assistance Program works to address these problems and others that are being faced by our families and young people.
